Mr. Chamberlain Sends Message Promising Support to New Premier-Ovation to Lord Salisbury's Successor in House of Commons To-Day-Hicks-Beach Out.

LONDON, July 14 .- The Conservative party, peers and commoners, met to-day, at the Foreign Office to ratify the selection of Arthur Bale our as successor to his uncle, Lord Salisbury, in the Premiership.

The only other change in the Cabi net so far announced is the retirement of the Chancellor of the Exchequer. Sir Michael Hicks-Beach. The new Premier, however, announced that other changes would probably take ; lace.

Joseph Chamberlain sent by his son loval support.

Perhans never has a change of Premiership been effected with so little dislocation to business, either public or private, as accompanied the transfer of the seals of office from Lord Salisbury to Mr. Balfour. The occurrence had no effect whatever on the Stock Exchange.

Mr. Balfour in addressing the first meeting of his followers at the Foreign Office tois afternoon informed them that he could not count on the continued assistance of Sir Michael Hicks-Beach, but was assured of the to sustain it " latter's good wish

He continued: "I have not had the op portunity before of consulting you, but bury by the Duke of Devonshire Sir I have, of course, consulted those with Michael Hicks-Beach rose and said whom I have been working in the Cab-there was no one whom he would have inet these many years, and if the kind-more gladly and more readily ac-ness you are prepared to extend to me cepted as leader of the party than the me is at all equal to the kindness they man he had followed as leader for have extended to me then indeed the more than seven years. The resignation of Sir Michael Hicks-Beach caused intense surprise. It was generally taken to be almost more important than Lord Salisbury's and was regarded in some quarters as being directly due to the more important voice which Mr. Chamberlain will have in the new Cabinet.
